Character

Your outstanding character is that of sympathy, mingled with hospitality. You have a great urge to make others a little happier for having met you. No higher quality could be possessed than this but it is one that may be carried to excess. You spend lot of time and money for the sake of others. Your tastes are of a cultured order and, at heart, you have a love for literary and artistic work of a high grade, though the commercial existence, which you must probably follow, may force them out of sight. Regarding money, you have peculiar views. At times you deny yourself legitimate necessities and at others, you spend somewhat recklessly. You will always give in response to the call of charity. On some occasions, you put yourself to considerable trouble in order to save a few rupees on the price of an article you desire to purchase. Your chief weakness is that you are somewhat easily impressed. In fact, you believe too much of what you hear. Unscrupulous people are quick to notice this defect in you and they are certain to trade it sooner or later. Therefore, be on your guard and avoid being victimised by someone who may come to you in the guise of a friend.

Happiness And Fulfillment

You have been endowed with the common sense and clarity to know what you really want. Lucid and practical, you seek happiness in the environment and are unafraid to expand your horizons, easily recognising fears and working them through. But be cautious. If you are always thinking of your own welfare and are inconsiderate of others, your chance of happiness are minimal.

Life Style

You feel that others will regard you with esteem only if you have acquired wealth and material possessions. This is not true, so pursue your goals which are in harmony with what you really want to do.

If promotion is slow, you may become despondent and even spoil your chances by plain speaking. Once you climb up the ladder and reach a good height, your abilities will establish you firmly. From this, it is seen that you will fare better in the higher ranks of service than in the lower. Clearly, it will be wise for you to go cautiously while getting your footing.

Health

The length of your life depends more on yourself than on the fates. You have the power to attain a rip old age. But, if you wish to do so, you must take particular care of your lungs. || Manglik Details / Mangal Dosha ||

Generally Manglik Dosha is considered from the position of Lagna and Moon in the birth chart.

In the birth chart, Mangal is placed in Tenth house from Lagna, while in the Moon chart Mangal is placed in Ninth house.

Hence Mangal Dosha is present neither in Lagna Chart nor in Moon Chart.

Mangal Dosha is considered to create hurdles in the married life of a person. According to some, Mangal Dosha results in frequent illness or ultimately death of partner(s).

It is considered that if a manglik person marries to another manglik person then the manglik dosha gets cancelled and has no effect.

Some Remedies (in case Mangal Dosha is present)

Remedies (needs to be performed before marriage)

Kumbha Vivah, Vishnu Vivah and Ashwatha Vivah are the most popular remedies for Mangal Dosha. Ashwatha vivaha means the marriage with peepal or banana tree and cutting the tree after that. Kumbha Vivah, also called Ghata Vivaha, means marriage with a pot and breaking it after that.

Remedies (can be performed after marriage)

1. Keep Kesariya Ganapati (Orange coloured idol of Lord Ganesha) in worship room and worship daily.
2. Worship Lord Hanuman by reciting Hanuman Chalisa daily.
3. Mahamrityunjaya paath (recitation of Mahamrityunjaya mantra).

Remedies (based on Lal Kitab, can be performed after marriage)

1. Feed birds with something sweet.
2. Keep ivory (Haathi Daant) at home.
3. Worship banyan tree with milk mixed with something sweet.

Note: We strongly recommend you to consult an astrologer before performing these remedies by your own.

|| Shadbala and Bhavabala – Strength Calculations ||

Shadbala is a method in Vedic astrology that gives quick insight in the strength of planets and the houses. Sanskrit means 'Six' and hence Shadbala consists of 6 different sources of strength. Shadbala calculation is a laborious process but thanks to computers one can get these strength calculations by just one mouse click. Shadbala method gives a value to each planet and each house. The more points a planet and a house gets in Shadbala the stronger it is.
